Dear Client,

In compliance with the No Surprises Act that went into effect January 1, 2022, all healthcare providers are required to notify clients of their federal rights and protections against “surprise billing.”

This Act requires that we notify you of your federally protected rights to receive a notification when services are rendered by an out-of-network provider, if a client is uninsured, or if a client elects not to use their insurance.

Additionally, we are required to provide you with a Good Faith Estimate of the cost of services (see attached). It is difficult to determine the true length of treatment for mental health care, and each client has a right to decide how long they would like to participate in mental health care. Therefore, attached you will find a fee schedule for the services typically offered to cover the year of 2024, however as work progresses throughout the year we may find we adjust our schedule and meeting consistency affecting the exact annual cost for services.

It is a federal requirement that I provide you with this form upon the beginning of treatment and annually throughout treatment. Please keep a copy for your records and I will do the same in your file. If you have any questions, please don't hesitate to ask.

Thank you very much,  
Mollie Montgomery, LCSW

### Disclaimer

This Good Faith Estimate shows the costs of items and services that are reasonably expected for your health care needs for an item or service. The estimate is based on information known at the time the estimate was created. The Good Faith Estimate does not include any unknown or unexpected costs that may arise during treatment. You could be charged more if complications or special circumstances occur. If this happens, federal law allows you to dispute (appeal) the bill.

A Good Faith Estimate Range is tailored to each client not using insurance and provided upon the beginning of treatment with consideration given to length of treatment, meeting frequency, and cost per session. These vary by client and situation.

If you are billed for more than this Good Faith Estimate, you have the right to dispute the bill. You may contact the health care provider or facility listed to let them know the billed charges

are higher than the Good Faith Estimate. You can ask them to update the bill to match the Good Faith Estimate, ask to negotiate the bill, or ask if there is financial assistance available. You may also start a dispute resolution process with the U.S. Department of Health and Human Services (HHS). If you choose to use the dispute resolution process, you must start the dispute process within 120 calendar days (about 4 months) of the date on the original bill.

There is a \$25 fee to use the dispute process. If the agency reviewing your dispute agrees with you, you will have to pay the price on this Good Faith Estimate. If the agency disagrees with you and agrees with the health care provider or facility, you will have to pay the higher amount. To learn more and get a form to start the process, go to [www.cms.gov/nosurprises](http://www.cms.gov/nosurprises) or contact Mollie Montgomery, LCSW at 347-927-0698, [mollie@mmontgomerylcsw.com](mailto:mollie@mmontgomerylcsw.com). For questions or more information about your right to a Good Faith Estimate or the dispute process, visit [www.cms.gov/nosurprises](http://www.cms.gov/nosurprises) or call (800) 368-1019.
